

Becoming Catholic – RCIA Journey to Easter – Journey towards Easter 2014

Is this the right time for you or for someone close to you? Each year becomes the right time and place for some people to choose a new direction to their life. Their decision to become a Catholic becomes part of a special faith journey. Such a decision changes the way they see God and the way they relate to Jesus, and that will surely change the way they see and live their life.

Who chooses to become Catholic? Anyone touched and called by God. Sometimes it is the parents of children receiving the sacraments; sometimes the partner of a Catholic who wants to join in more fully; sometimes a friend or neighbour who wants to ask import questions. Really it's anyone who feels the time is right for them. Could this be someone you know? Talk to your neighbour! Consult your friends.

What if you've already been baptised Christian? Some people are already in communion with the Catholic Church simply because they share our faith and baptism. For them, entering into full communion requires a simple, public profession of our shared faith. You simply need to make that phone call to join a group and enjoy a "Journey towards Easter 2014".

What's to be done? Simply make **contact**. Groups are facilitated each year as required in Grovely, Mitchelton and Samford to assist people wanting to become Catholic. Each group shares a very special "Journey towards Easter" and becoming a part of our faith community. Meeting times are arranged to suit people's needs.
